N.B. This file is intended for those who could not make out how to use resume generator.

1. **Find the resume generator file as the second attachment to the mail.**
2. **Prepare Resume, leave 8-9 lines on top as blank. It would look something like this in doc.**

3. **Save/ Print this to pdf. Rename it to resume.pdf . Save it on Desktop.**
4. To generate resume with cpi added: First open a terminal (on linux) or command prompt (on windows).

How to open command prompt on Windows:

- Start, Programs, Accessories, Command prompt

- Start, Run and type "cmd" (minus quotes) and press enter

5. You will see a window like:

6.

On Windows/Linux Type:

- cd **Desktop**

then type the next bullet (keeping spaces in mind)

- java -jar ResumeGenerator.jar *NAME ROLLNO DEPT PROGRAM INSTITUTE SEX SPECIALIZATION DOB* [Doctorate;*PHD UNIVERSITY;PHD INSTITUTE;PHD YEAR OF PASSING;PHD CPI*] [Post Graduation;*PG UNIVERSITY;PG INSTITUTE;PG YEAR OF PASSING;PG CPI UNDERGRADUATE SPECIALIZATION*] Graduation;*UG UNIVERSITY;UG INSTITUTE;UG YEAR OF PASSING;UG CPI* [Intermediate/+2;*12TH UNIVERSITY;12TH INSTITUTE;12TH YEAR OF PASSING;12TH %*] [Matriculation;*10TH UNIVERSITY;10TH INSTITUTE;10TH YEAR OF PASSING;10TH %*]

[] denotes optional arguments, italic denotes arguments which you need to substitute.

PGs should include UG institute in academic details. PhDs should include both UG and PG details.
